HOTEL DU CAP-EDEN-ROC & THE HOUSE OF DIOR

The two Houses are united by the same vision of discreet and authentic luxury. They share passions that have created bonds between them, which continue to grow stronger over time. Firstly, of course, there is the exceptional art de vivre and a unique philosophy of well-being, both steeped in the same desire to let every person experience unforgettable moments and emotions. Then, there is the love shared with Monsieur Dior of nature and flowers, in particular the roses that bloom in their thousands in the hotel's rose garden.

In this paradise where time stands still, Dior created a multi-faceted Spa. In a décor inspired by the rocks on which the hotel stands, four treatment suites and an experience space await the guests.

In a perfect embodiment of the wonderful Mediterranean lifestyle, the Spa extends into the lush heart of the Hotel du Cap-Eden-Roc grounds, and invites guests to discover two settings bathed in the light of the French Riviera and the extraordinary azure tones of the sea.

ROC AFFUSION SUITE

Pale rock and an aquatic ambiance characterize this setting, where hot and cold water streams from adjustable jets, and where a sauna and an ice fountain lie a few steps away. The onyx-hewn Roc Affusion Suite heightens the senses, skin and emotions. Under a rain-shower, a series of precisely choreographed steps regenerates the body and recharges the mind. Stimulated by the controlled power of water, energy once again flows in perfect harmony.

RIVIERA SUITE

An extremely refined intimate setting with the warm simplicity of a cocoon. Designed for two people to share an exceptional moment and equipped with a beauty room, the Riviera Suite is set near a patio featuring Mediterranean plants and opens onto the Eden-Roc garden. Simply cross the threshold of this haven of serenity decorated in the softest shades, to begin a journey towards complete wellness.

DIOR GAZEBO

In the gardens of the Hotel du Cap-Eden-Roc, a few steps from the rose garden dedicated to Queen Elizabeth II, a gazebo reaches for the skies. Hidden from sight by large veils of fabric, this romantic spot houses a double treatment room. Nestled on one of the treatment tables warmed with soft linens, your body enjoys the delectable sensation of lying on a cloud. The mind is lightened, ready to reconnect with the elements, in perfect harmony with nature.

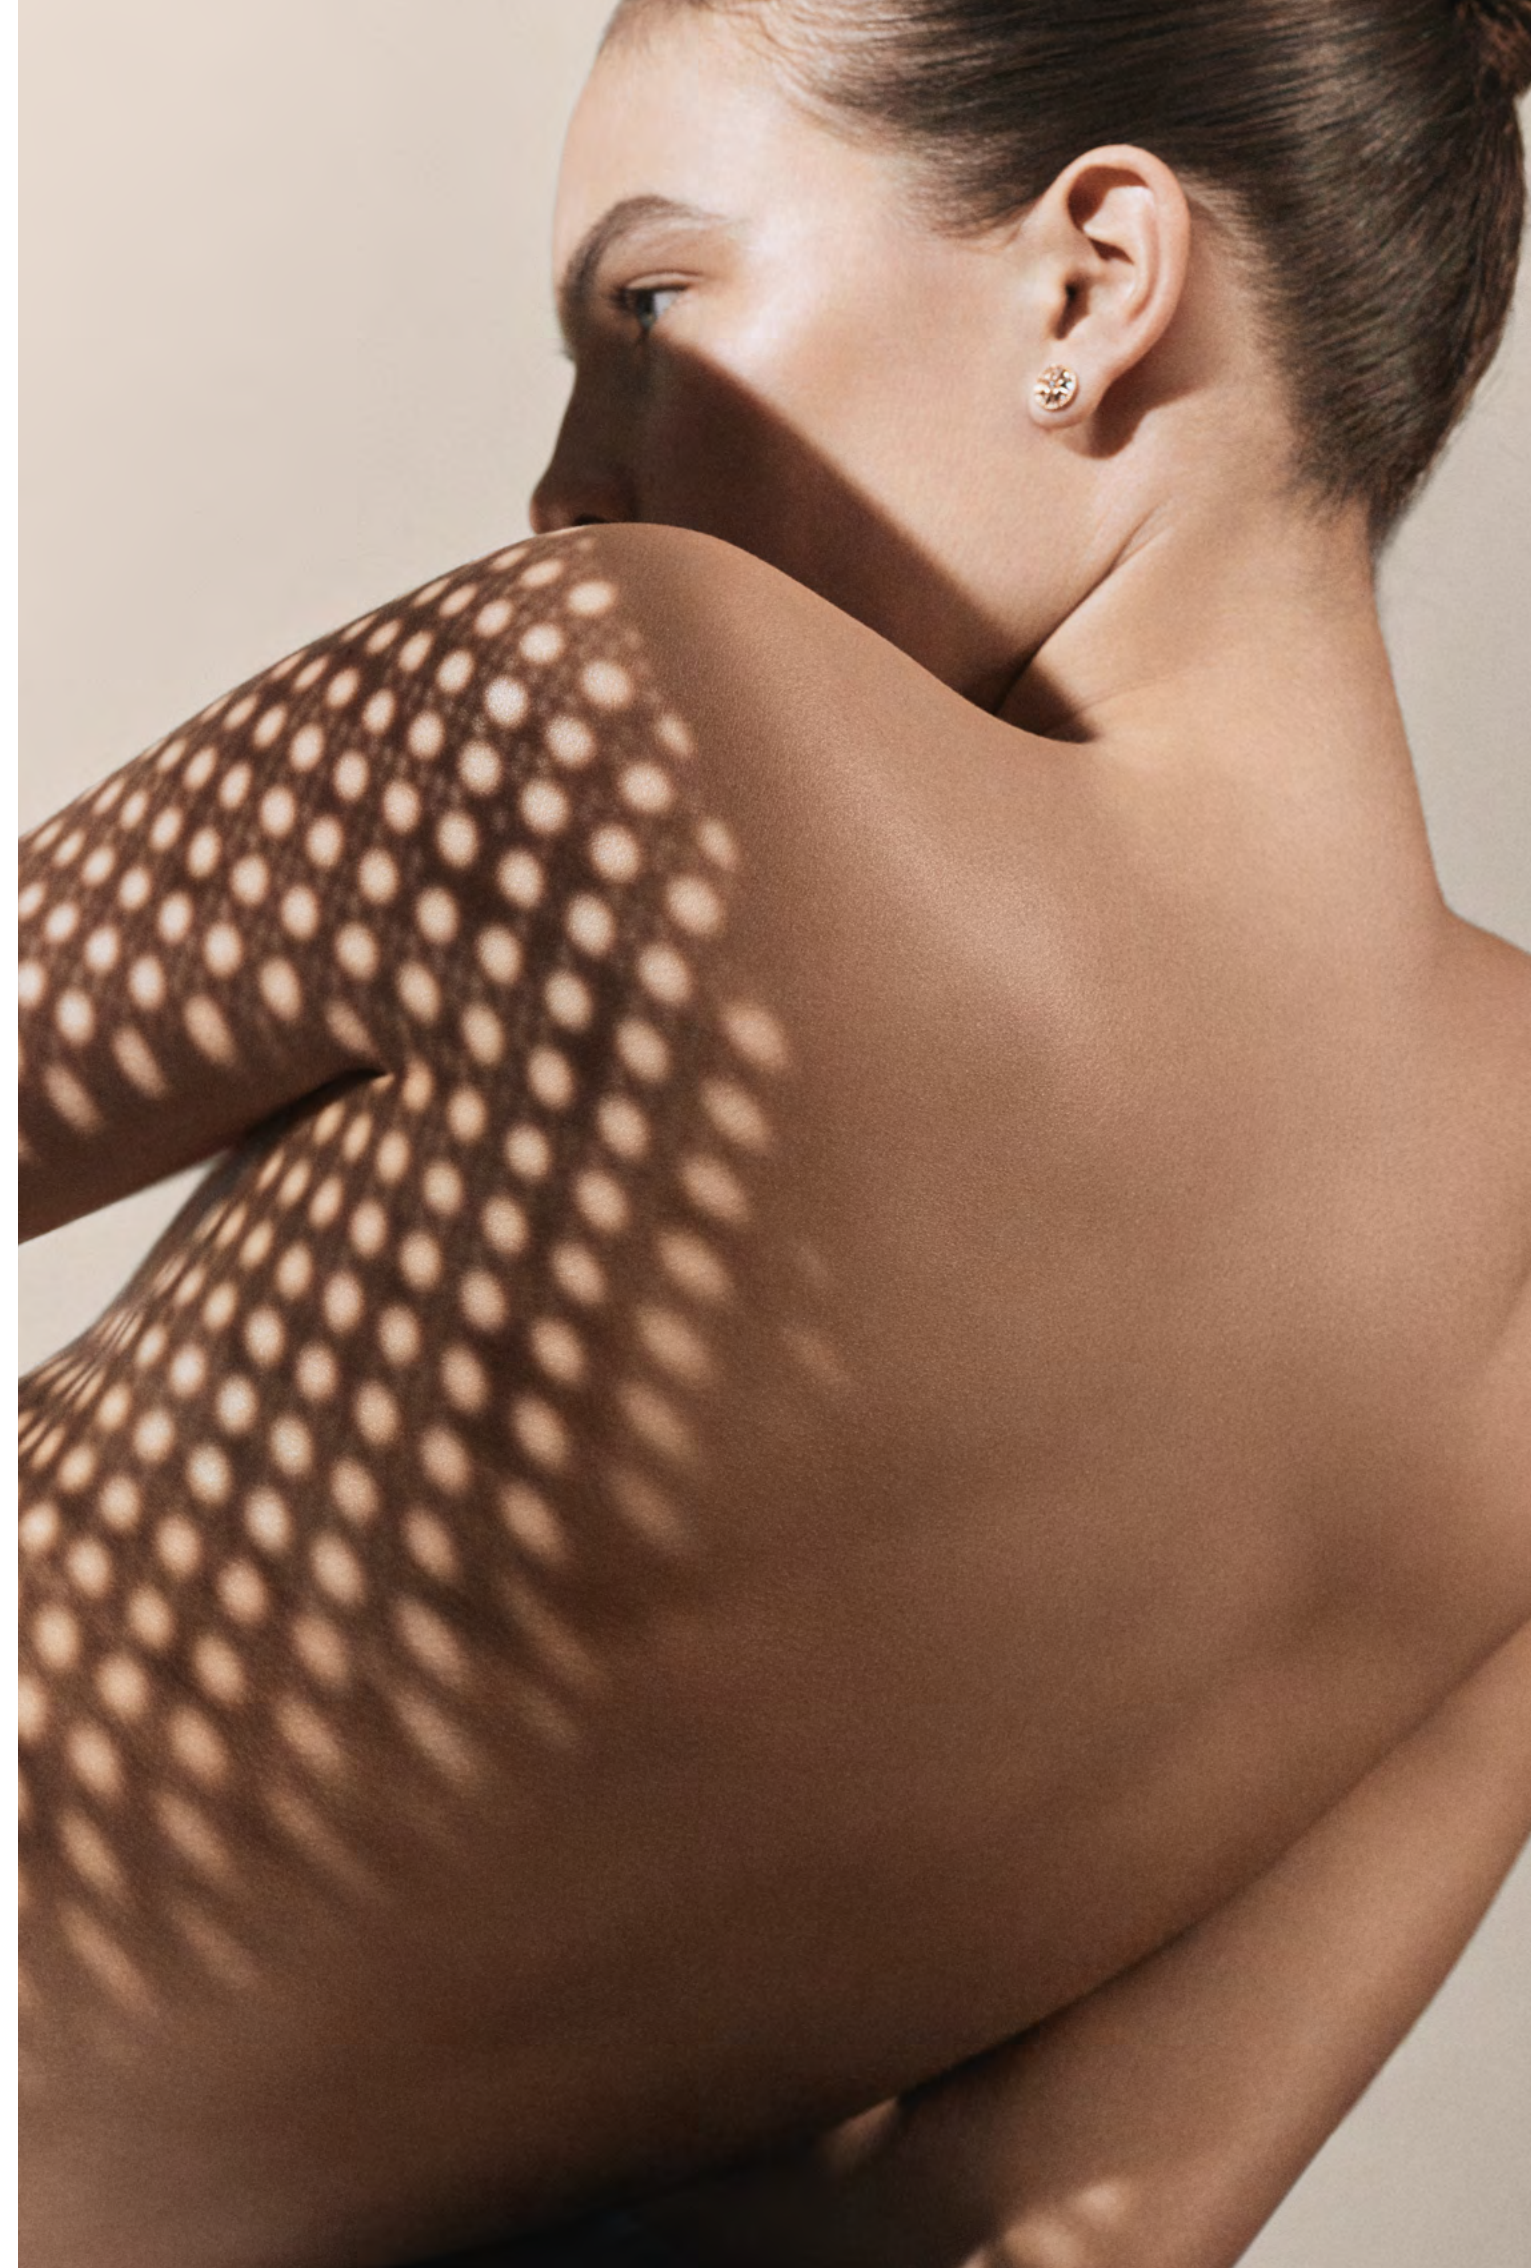

DIOR CABANA

The Eden-Roc garden's best-kept secret. Nestled in the shade of the Aleppo pine trees, the Cabana provides an exceptional view of the blue-tinged horizon and the Mediterranean. Here in this refuge where time stands still, Dior provides a complete change of scene with a facial or body treatment. In an instant, thoughts float away, happily taking the pathway to bliss.

AN OUT-OF-TIME EXPERIENCE

Tune in to the needs of your mind as well as your skin and your body, and take some time for yourself. For Dior, beauty and wellness are one – a whole entity conceived as a perfect harmony between the physical, mental and emotional elements. To guide each guest in this quest for mindfulness, Dior takes inspiration from nature, and draws on the power of the elements. At Eden-Roc, water, rocks, sunshine and the garden naturally nourish the Dior Spa philosophy, and lie at the heart of its avant-garde treatments.

Drawing on their perfect knowledge of the skin, the House Wellness Experts combine skilful massage know-how with leading technologies, to compose made-to-measure sensorial experiences that see excellence reach new heights. Aiming to enhance what is on the outside and illuminate from within, they provide each guest the opportunity to go back to square one and return to a state of happiness. During a series of precise movements, set to a calm breathing pattern, the energies are rebalanced, the senses express themselves and blossom. Mind and body reconnect and return to the fundamentals. Aspiring to harmony and total well-being is no longer a dream: it is a reality.

THE DIORIGINELS RITUALS

In a reflection of the Hotel du Cap-Eden-Roc, the Dioriginels Rituals are inspired by the four elements that give this legendary place its unique character: the garden, the sea, the rocks and the sun.

Created especially for Dior Spa Eden-Roc, these exclusive and entirely customisable treatments reveal the holistic dimension of the Dior Spa philosophy, in a myriad invitations to realign your energy, and to explore sensorial limits during an unforgettable experience.

ESCALE À EDEN-ROC

Face and Body – 2h – 550 €

This ritual is a total “reset” that is ideal for starting your stay at the Hotel du Cap-Eden-Roc. It aims to rebalance and harmonise energy flow during a massage using semi-precious stones chosen exclusively for Dior Spa Eden-Roc. Selected according to the needs of each guest, they are used in a combination of hot and/or cold temperatures. Body and soul are immersed in a soothing wave of wellness.

ENFLEURAGE CORPOREL

Face and body – 2h – 580 €

A total escape for the senses, the source of this new ritual lies in the hotel gardens. A shea butter bar, infused with rose petals, jasmine or mallow, is applied to the entire body for a relaxing massage with exfoliating properties that are more or less intense depending on the chosen flower. The skin is perfectly soft and satiny, enveloped in an elegant floral fragrance. The face is also pampered with a gentle exfoliation using a rose scrub, followed by a comforting mask that is cool and soothing. Body and mind are united and regenerated in this floral harmony.

RIVIERA SOLAR GLOW

Face and body – 1h30 – 420 €

Created to allow guests to fully succumb to the Côte d’Azur sun, this exclusive ritual is inspired by the new Dior Solar line. Available either before sun exposure in order to benefit from its protective properties, or afterwards, to repair the skin intensely, it begins with a body scrub that has both enzymatic and mechanical effects. For the ultimate touch of sophistication L’Huile Sublimatrice gives the skin a sumptuous satiny finish. Face and body blossom and light up with a radiant glow.

ROC AFFUSION

Body – 1h30 – 460 €

The full and controlled power of water lies at the heart of this ritual. Enveloped in the warmth of this onyx suite, the body relaxes under the beneficial effects of a scrub rinsed off under a series of choreographed water jets of various temperatures. A customised muscle massage beneath the affusion shower reveals draining, energising or relaxing effects, depending on the desired pressure of the water jets, which are precisely directed at energy points. This therapy soothes the body and diffuses serene vitality through the meridians.

MASSAGE THERAPIES

Emblematic of Dior know-how, these massages take care of the body as though it were a genuine masterpiece. In a sequence of meticulously choreographed steps, the full knowledge of the House Wellness Experts serves specific needs with tailor-made variations to fulfil the needs of each guest's body and mind.

This cocoon of multiple powers helps to: detox the organism, firm the skin, sculpt the body and aid slimming, while also acting on sleep, soothing the nervous system, and preparing for or recovering after sports. At the end of the session, endorphins are released for deep and lasting relaxation.
