Thailand's Best Luxury Beachfront Hotel

Enriching Experiences

THE ART OF YOU is an ideology built upon beauty and grace. An ethos to create meaningful connections between a community of like-minded people. It is the elements by which we ensure all our properties are a reflection of their destination, defined through feeling, enchantment, craftsmanship and imagination. With great intent, we thoughtfully seek to contrast the traditional approach to hospitality, reinterpreting service with creative boldness and modernity. It is our aim to make an impact through deeply enriching experiences and 'The Art of You' is where that passion meets our defining purpose.

The Story of Iniala

Iniala opened its doors in December 2013 when the owner Mark Weingard was struck with the idea to create an exceptional concept that combined the imagination, inspiration and innovation of renowned designers. Thus, eleven international, world-class designers were given carte blanche to create the different spaces within the hotel, with the simple brief that each room must be out of the ordinary, yet luxurious, practical and comfortable.

Design Concept

Fusing traditional Thai architecture with organic, contemporary forms, the entire residence is a masterpiece of design, featuring the works of world-renowned designers including the Campana Brothers of Brazil, A-cero from Spain, Joseph Walsh of Ireland, Mark Brazier-jones of New Zealand, Graham Lamb from Britain and Thailand's Eggarat Wongcharit, Philisophy of Design from Russia and Autoban from Turkey.
