The Nautilus

Maldives

This collection of 26 immensely private beach and ocean houses exists beyond the bounds of time. Private Villas in the Maldives is a place where nothing is fixed and anything is possible.

Each of our beach and ocean residences is a sanctuary of effortless chic. They feature one or two bedrooms, a spacious living room, and a sparkling private pool.

Take to the seas in a luxury yacht for an impromptu adventure. Dive into turquoise waters, immersed in the liberating embrace of the Baa Atoll, or host a private soiree in your own private beach house.

Zeytoun Lounge & Restaurant presents Mediterranean and Middle Eastern Fine Dining, positioned over a lagoon with rich sunset views. Experience signature dining in the Maldives, showcasing lesser-known spices and flavours.

The Nautilus's stylistic elegance, with its cylindrical shapes, resembling the shell of the clever marine mollusk the hotel is named after is, indeed, a source of joy. Its architectural design features interconnected circles, creating lots of parallel universes, providing secluded areas for rest, entertainment, and bathing. The guardians of these worlds are House Masters, taking care of everything, so if you wish to rent a yacht to go picnicking on a neighbouring island, you needn't even turn to the receptionist, concierge, or tour desk. **The Nautilus Maldives** is a luxury bohemian hideaway, deep in the stunning Baa Atoll UNESCO Biosphere Reserve. Launched in February 2019, this highly personalised and immensely private island resort has become one of the most extraordinary holiday destinations. Its 26 Beach and Ocean Houses & Residences provide an ultra-luxe holiday experience like no other. Transcending time, **The Nautilus** offers you a tantalising slice of boundless freedom, sprinkled with some whimsical magic – nothing is fixed, and anything is possible here. Whatever the number of guests, you won't even notice their presence, being free to set your own beat, do as you please, and be whatever you wish. With no schedules or set opening and closing hours, breakfast time is never up, so even awaking from sleep at 7 p.m., you can enjoy an 'anywhere anytime' gastronomic all-day experience right in your bed or at the poolside.

Having 'recharged your batteries', you can go ahead with choosing an entertainment. The choice is wide indeed: a seabob ride to explore the house reef, a guided snorkelling visit to the local turtles, a diving tour to sunken boats,

windsurfing and painting lessons, a South-Eastern Asian cuisine master class, a private aerial yoga session with the hotel's resident yogi in a pavilion above the water, or podcasts, customised for the Maldives only, on meditation and conscious breathing by experts from **Ananda in the Himalayas**, the best Ayurvedic SPA resort in India. Coffee, truffle, chocolate, oyster, cheese, wine, whisky, rum, and gin tasting sessions await you as well. **The Nautilus's** gin collection of 64 sorts from 14 countries is the most impressive one in the Maldives. Or why not try an underwater treasure hunt, **The Nautilus's** renowned 'Cinema Under The Stars' experience, or pastry baking?

In the meantime, your children can have fun, engaging in a bespoke holistic educational programme by **The Nautilus's Young Wonderers Club**. And on Christmas evening, Santa Claus arrives at **The Nautilus** to give gifts to young guests and treat adults to beverages, appropriate for the occasion. Chef Kengo Tomito, with his 27-year-long experience, is the pride of **The Nautilus Maldives'** team. Each of the Hotel's three restaurants offers a rich menu, which is not a dogma but a starting point for guests to discuss their gastronomic preferences with the Chef. Who says you can't order a dish absent on the menu? Or enjoy a SPA treatment in the middle of the night?

The Nautilus is also **Maison Caulières's** exclusive Maldivian partner. In collaboration with this world-famous cosmetics brand, the resort invites its guests to embark on a wonderful SPA journey, combining the French art of living, **Maison Caulières's** natural eco-products, and **The Nautilus's** bohemian spirit of unconditional freedom
